Bellevue Parks &
Community Services

MAY-AUGUST 2019

Kelsey Creek Farm provides the community an opportunity to cross the threshold of urban living into an agricultural experience, while maintaining the historic integrity of the farm, through interpretive displays and education. Our programs foster creativity and active play. The Farm’s two historical barns sit prominently on the crest of a hill. There is no entrance fee; however, we welcome and appreciate your donations.

When visiting any of Bellevue’s parks, all dogs and other pets must be kept on a leash. Out of consideration for our farm animals’ health and wellbeing, please observe all posted signs prohibiting pets from the barnyard.

**FARM ANIMALS IN THE
PASTURES DAILY FROM 9:30AM TO
3:30PM, 365 DAYS A YEAR**

FARM HISTORY

The farm’s history began in 1921, when the Duey Family rented 190 acres and began delivering cream and butter stamped with the name Twin Valley Dairy. In August of 1933 the original barn burned. Mr. Duey, a skilled carpenter, along with some hired hands rebuilt the barn in two weeks. Today, this barn is the smaller of the two barns and is called the Animal Barn. Mr. Duey also built the Red Barn, originally used as a milk house.

The second dairy barn was built in 1943–44 by Mr. Michaels, the new owner, (this is the north barn now known as the Education Barn) and the dairy herd was increased in size. After the end of WWII, he sold the farmstead to Ray and Nettie Fisher. The Fishers phased out the dairy operation and began raising Hereford beef cattle. They built the current farm house in 1954 and moved to live on the property.

In 1968 neighbors to the farm began

a movement to petition the Bellevue City Council to purchase the property and secure it as a public park. The neighbors’ petition succeeded and the City negotiated with the Fisher family to purchase the 80 acres, including the farm house, barns and outbuildings. The Fishers sold their farm property to the City at a price much reduced from what they knew that they could get from developers. They did so because they believed in preserving the beauty and legacy of the agricultural buildings and the land.

In 1972 the oldest barn was modified to house an assortment of farm animals for public viewing. The other, larger barn, commonly referred to as the Education Barn, was remodeled inside and used to accommodate a variety of community programs, including children’s day camps, art classes, and farm-themed classes, to name just a few.

FALL AT THE FARM GROUP TOUR

Available October only

Experience harvest season in a traditional way. Visit a pony and pig. Work on barn “chores” with child-sized pails and rakes. Tour the garden and pumpkin patch. Children finish up by choosing a pumpkin from our harvest-themed indoor pumpkin patch! Extra fee for pumpkins.

PIONEER DAYS GROUP TOUR

Available November only

Imagine life in the 1880's in our authentic log cabin. Children participate in activity stations learning to grind wheat and coffee, churn butter, hammer nails, pump water, play dress up, and engage in more living history skills. Storytelling about pioneer life with Laura Ingalls Wilder's Little House books helps children compare their life based on electricity and modern conveniences with the life of Laura and Mary.

INTRODUCTION TO BASIC HORSEMANSHIP DAY CAMP

Students will learn riding balance, ground skills, independent seat, enjoy creating crafts and playing games. Children need to be aware of their equine to have honest communication between themselves and their animal. If you listen to the animal, he'll be more willing to listen to you. If you are both listening to each other, your ride will be much more harmonious. All participants need to be able to maintain balance, follow directions and able to listen attentively.
