KIDS STEM ACTIVITIES

Ages 3 to 8.

Come explore with us! Join us for a variety of STEM activities, including basic Lego.

HTC VIVE VIRTUAL REALITY EXPERIENCE

Ages 13 and older.

Experience true virtual reality with the latest, interactive technology featured in HTC Vive.

SMARTPHONE VIRTUAL REALITY WITH GOOGLE CARDBOARD

Adult supervision recommended.

Try out D-scope Pro's Google Cardboard kit to transform your smart phone screen into an impressive virtual reality experience by using your Android or Apple smartphone.

COMMUNITY ROLLER COASTER

Help build a giant marble roller coaster using everyday materials.

POKEMON LURES ALL DAY!

Catch 'em all at the library! Set lures throughout the day for Pokémon Go at a library Pokéstop.

EXPLORE SNAP CIRCUITS

Use building blocks with snaps to build different electrical circuits.

BUTTON MAKING

Use pre-cut templates, or design your own pin button. *All supplies provided, while supplies last.*

COLORING FOR ADULTS

Experience the new trend in relaxation: coloring for adults.

KNITTING LOOMS

No knitting experience required. Looms and yarn provided.

NEWPORT ROBOTICS GROUP DEMONSTRATION

See NRG's latest robot design, ask questions and learn about robotics.

Reasonable accommodation for individuals with disabilities is available; please contact the library prior to the event if you require accommodation.

INSTRUMENT MAKING WITH NANCY STEWART

Ages 3 and older.

Make musical instruments from recycled materials. *All supplies provided, while supplies last.*

3D PEN

Come experience a 3D Pen!

All supplies provided, while supplies last.

INTRODUCTION TO DRONES

George Comollo, from Green River College Aviation Program, discusses drone technology and answers questions. Simulated drone flight instruction for adult participants.

LOTUS LANTERNS

Make your own lotus lantern to take home.

All supplies provided, while supplies last.

STILL-LIFE SKETCHING WITH WATERCOLOR WORKSHOP

Learn to cut your inner-artist some slack and find what makes your own "line" unique in the pursuit of an engaging, colorful sketch.

*Registration required.***

3D PRINTING DEMONSTRATION

Drop-by to see a 3D printer in action between 2pm and 4pm. Watch 3D models print out and ask questions.

PAPER CRAFTS

Enjoy a variety of crafts for all ages.

All supplies provided, while supplies last.

ROBOT GARAGE WORKSHOP**

Ages 8 to 12.

Join this interactive session to learn about the science and history of robots, then build an extra-terrestrial rover!

***Limited space, registration required.*
